

# Greatest Story Ever Told

## Bob Weir

Thank you for this moment  
I've gotta say how beautiful you are  
Of all the hopes and dreams I could have prayed for  
    Here you are  
If I could have one dance forever  
    I would take you by the hand  
    Tonight it's you and I together  
    I'm so glad I'm your man  
    And if I lived a thousand years  
    You know I never could explain  
    The way I lost my heart to you  
        that day  
but if destiny decided I should look the other way  
    then the world would never know  
        the greatest story ever told  
    and did I tell you that I love you  
        tonight  
    I don't hear the music  
    When I'm looking in your eyes  
    But I feel the rhythm of your body  
        Close to mine  
    It's the way we touch, it soothes me  
        It's the way we'll always be  
        your kiss your pretty smile  
        you know i'd die for  
            oh baby  
            you're all i need  
        And if I lived a thousand years  
        You know I never could explain  
        The way I lost my heart to you  
            that day  
but if destiny decided I should look the other way  
    then the world would never know  
        the greatest story ever told  
    and did I tell you that I love you  
        just how much i really need you  
            did I tell you that I love you  
                tonight  
                tonight

And if I lived a thousand years  
You know I never could explain  
The way I lost my heart to you  
that day  
but if destiny decided I should look the other way  
then the world would never know  
the greatest story ever told  
and did I tell you that I love you  
just how much I really need you  
did I tell you that I love you tonight
