

# Murder Me (Acoustic)

## Finch

This is my last drink, I think I've had enough  
Catch me as I sink  
Ain't this amazing  
It's pitiful to stop, it's beautiful Oh you murder me  
So savoured for what you really need  
Let's say hello to always, always and I know No-one shines like this  
Coloured fingertips  
Quiet rays of light  
As you bat your eyes You're all you are, you're everything  
We're everything, it's everything to me
