

Down

The Kooks

Woah yeah,
I've been round town,
There's a rumour baby, you're planning to bring me

Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,

You're tryna set me up,
Tell me how to be,
Yeah, you're fucking behind me,
Fucking behind me,
Fucking behind my back,
You wanna watch me fall,
(Watch me fall)
But I won't break
(I won't break)
I know you'd like to hit me,
Kick me to the ground,
You're tryna bring me,
You're tryna bring me,

Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,

Watch me yeah,
Doo doo doo doo doo

I'm so sexual, it's all about the thrill,
If you wanna please me, pleasure me,
Let me know what's next,
I'm gonna hit you up,
Then I'm gonna let you down,
Just to prove a point,
That you can't break a man that's already,

Down down diggy de down down diggy diggy,

Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,

Watch me yeah,
Doo doo doo doo doo,

Let's get a little louder,
A little louder,
I say la,
I say la,
I say la la la la la
I say la la la la la

There's a rumour baby,
You're tryna bring me,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,

You're gonna bring me,
No no, there's no way
(Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy,
Down down diggy de down down diggy diggy)

Watch me yeah,
Doo doo doo doo doo
