

# I Know You Know

Esperanza Spalding & Leo Genovese

The way  
You look at me  
When you think  
I'm not looking  
Tells me your heart's  
A sleeping giant  
Worn out

By someone  
You loved before me  
I see you're scared  
Unconvinced by  
What I've tried to say

That I am yours  
And that nothing  
Will take me away  
You already know  
But I'll sing it again

I love you babe  
And nothing  
Will take me away  
I know that you know  
But I'll sing it again

I love you babe  
And nothing  
Will take me away  
The way

You always call me  
With some question  
And every time

Try to pretend  
You didn't call me  
Just cos

I was on your mind  
Too soon for you  
To say out loud

But I know  
You love me  
And though  
We don't say it

Already shows You already know

But I'll sing it again

I love you babe

And nothing

Will take me away

I know that you know

But I'll sing it again

I love you babe

And nothing

Will take me away

You already know

But I'll sing it again

I love you babe

And nothing

Will take me away

You already know

But I'll sing it again

I love you babe

And nothing

Will take me away I wait for you

To open up

But it's not a bore

You're just

What I've been

Looking for

Why do you keep

Your head in the sand?

Whoever

You loved before me

That ran's

Nothing like me

Nothing like me

Nothing like me You already know

But I'll sing it again

I love you babe

And nothing

Will take me away

I know that you know

But I'll sing it again

I love you babe

And nothing

Will take me away

You already know

But I'll sing it again

I love you babe

And nothing  
Will take me away  
I know that you know  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away  
The way you look at me  
When you think  
I'm not looking  
The way you call me up  
Just to see  
What's cooking  
The way you look at me  
When you think  
I'm not looking  
I look at you  
That way too  
You just don't know  
That I do  
I know that you know  
You already know
