Anywhere Else

Olly Murs

Strike up the band, let's start a fire
Put up your hands, show your desire
If you want this, don't hold back.
Asked you to stand like one of the choir
Lift up your voice, build it up higher
In this moment, don't look back.Cause tonight, the stars are in your eyes
Tonight, our arms are opened wideI don't want to be anywhere else
And if I have to give all of myself
I don't want to be anywhere else but here with youLost in the sounds, a song in your head
Jumping around, nothing compares to this moment
And nothing ever willCause tonight, the stars are in your eyes
Tonight, our arms are opened wideI don't want to be anywhere else
And if I have to give all of myself
I don't want to be anywhere else but here with youA million eyes stare into space
Not you and I, we're face to face
I don't want to be anywhere else but hereTurn the whole world upside down - let's pour it out
Let's all reach for higher ground while we're looking downStrike up the band, let's start a fire
Put up your hands, show your desire
If you want this, don't hold backI don't want to be anywhere else
And if I have to give all of myself
I don't want to be anywhere else but here with youA million eyes stare into space
Not you and I, we're face to face
i don't want to be anywhere else but here with you.
