

Soaked in Sleep

Sioux Falls

can you stay?
hang out in my head
staring at the ceiling all day
clean your plate
dook lays in the sun
that song you sent me feels like saturday
i'm not sick
i feel better than i usually do
soaked in sleep
stick with me
in 2003
show me get off late
bussed up to your house
the moon was huge and followed me to your place
never mind
i don't even know
the seconds get all stretched and split with holes
