

# Social Call

## Dianne Reeves

Happened to pass your doorway  
Gave you a buzz, thats all  
Lately I thought lots about you,  
So I thought Id pay a social call  
Do you recall the old days,  
We used to have a ball  
Not that Im lonesome without you  
I just thought Id pay a social call  
I thought Id say things are just swell  
But to tell the truth  
I havent been to well  
And if you should try to kiss me,  
I promise I wont stall  
Maybe well get back together  
Starting from this incidental, elemental, simple social call
