

Freeballin'

Voodoo Glow Skulls

Everything depreciates when it's broken in
In this case it's him, wakes up with vomit in his chin
He's a worthless piece of shit
Kick him in the ass turnin' downNo proposition when he's not pissin'
His pants all messed up nowhere to go
Because he's always broke
Everyday is like a punchline of a bad jokeHard luck woman, hard luck man
Blame it on America, hopped up on the stuff
Someone give him a jump start
Don't lead me to temptation because I can find it myself
