

# We're Dancing (Alex Ghenea 3.0 Remix)

## Bridgit Mendler

When you take my hand,  
Your face is all I see  
And all the walls they go black,  
Like a movie scene  
My feet start to move,  
What you do to the stinolium  
It's like the perfect dance floorPut your hands by my waist,  
I hear the violins  
And one step is all it takes,  
And then my head spins  
I don't see the walls at all  
Since the minutes we stepped away from this placeWe're dancing and then the world disappears  
We're dancing to music no one else hears  
It's magic, it's like we're stopping time  
When your heart beats mineWhen we're dancing, dancing, dancing  
When we're dancing, dancing, dancing  
When we're dancingWorld is soft like a blur,  
All I see is color  
Hardest fall, so it hurts,  
When we're with each other  
You're a sweet song bird when you're singing in my ear  
Goosebumps run down my skin whenWe're dancing and then the world disappears  
We're dancing to music no one else hears  
It's magic, it's like we're stopping time  
When your heart beats mineWhen we're dancing, dancing, dancing  
When we're dancing, dancing, dancing  
When we're dancingI think that we could live for moments like this  
The sweetest romances  
Feels like there's all this magic  
And we just got to grab it  
When we're dancingWe're dancing and then the world disappears  
We're dancing to music no one else hears  
It's magic, it's like we're stopping time  
When your heart beats mineWhen we're dancingWe're dancing and then the world disappears  
We're dancing to music no one else hears  
It's magic, it's like we're stopping time  
When your heart beats mineWhen we're dancingWhen we're dancing, dancing, dancing  
When we're dancing, dancing, dancing
