Mama's Little Boy

NoMeansNo

Come the night, come the night
All the men want to fuss and fight
But not me, not me
`Cause that's not what i want to be
Cause I'm Mama's little boy
I'm Mama's little boy
I'm Mama's little boy
I'm Mama's little boyMama tells me everything she sees
Well it may scare you but it don't scare me
I'm Mama's little boy
I like what i want to seeAll day long she watches her dancing sons
Come the night she picks the tallest one
But I'm Mama's little boy
I'm a precious little boyShe said son don't hide everything inside
'Cause some day it'll turn and eat you alive
But I'm Mama's little boy
I have nothing to hideAll the Gods, the Gods of the sun
They're just her bastard sons
Daddy, Daddy, come and see
The onslaught of insanity
Cause I'm Mama's little boy
And I'm mad
I'm Mama's little boy
And I'm mad.There's a place. There's a place
There's a place, where I want to be
And it's dark there, there's nothing to see
And you're alone, there's nothing you can do
Something's coming, something's coming to you
And you are - you don't know where you are
And you are - you don't know who you are
And You are - you don't know what you are
And you are helpless. You are helpless. You are helpless. You are helpless
That's where I want to be, there's where I want to be
Cause I'm Mama's little boy. I'm Mama's little boy. I'm Mama's little boy. I'm Mama's little boy.
I feel, I feel, I feel, I feel,
I can feel, I can feel, I can feel, I can feel
Joy.
