I Don't Like You

Eva Simons

[Eva Simons]
Fade to the darkness all the way
At the start guess I hoped
That for once I had escaped the fakes, the snakes
Waste of time so face to face
I'll be bold enough to throw
All there is I belong to say to say

That this is all but dissolved,
It's dead and ended now
I left all the reasons why
Why you should still be here, go

Where did we go wrong
I don't even like you now, like you
I'm not like you
You ain't what I want
And time will never work this out

Oh no, I've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you
Oh no, I've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you
I don't like you

[Beat break]

All the way
Sane, not confused
Clear in the brain
It's losing hand fold
Why play on nothing to gain
All on the rates

The fist is old, but this old
It's dead and end now
I left all the reasons why
Why you should even be here, go

Oh no, i've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you

Oh no, i've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you
I don't like you

All the way
Done with right
I just don't feel this I'm not all over it's there
Through it tried, that's what the real is
This love has taken its last breath

Where did we go wrong
I don't even like you now, like you
I don't like you
You ain't what I want
And time will never work this out

Oh no, i've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you

Oh no, i've got cold
In the heart
Where did we go wrong
I don't even like you now
Forget you
I don't like you
