Better For You

Reggie and the Full Effect

There's a golden rule
Says I'll play a fool
I think I will
Now you'll figure out
What it's all about and I willBetter for you, better for you
Better for you than me
Better for you, better for you
Better for you than meNow, sorry never saves your mind
I never wanted to be
Separate your problem, my eyes
Heaven knows whatever made me
My own mind will drive me crazyBetter for you, better for you
Better for you than me
Better for you, better for you
Better for you than me
