Sometimes

Strangefolk

Sometimes I lay awake at night and wonder
Will I be alone again tomorrow?
Will I be alone again today?
Will I be alone again today?
Will I be alone again?

I wish I could find a way to disappear
Miles and miles and miles and no one near
Gotta settle my mind, gotta settle my mind
Gotta settle my mind, gotta settle my mind
Gotta settle my mind, gotta settle it

Chorus:
I've got a reason to believe,
Lonely days are gonna go away
I've got a reason to believe
I've come a long, come a long, come a long way
And I've come a long way

I wish that I was crippled and blind
Then I wouldn't have this on my mind
I wish that I was deaf and dumb
Wouldn't have to talk to anyone
Anyone...no, I wouldn't have to talk to anyone

Confusion, confusion
I'll I need, all I really need
Is an illusion, an illusion
All I know, all I really know is...

(Chorus)

Sometimes I lay awake at night and wonder
Will I be alone again tomorrow?
Will I be alone again today?
Will I be alone again today?
Will I be alone again?

I'll get away, I'll get away, I'll get away

I'll get away, I'll get a, I'll get away....

I wish I didn't need a woman...
I wish I didn't need one

(Chorus)
