

All I Want (feat. Lil Wayne)

Master P

All I want is power
Get this, get this money by the hour
The power, the power, the power
All I want is this power
All I want is this power
Money bring me the power All I want is power, money and the power
Money Mafia, middle fingers to you cowards
Her pussy got power, that's a different kind of power
Nigga work his ass off to get a million fuckin' dollars
All I want is power, money and the power
Money Mafia, middle fingers to you cowards
Her pussy got power, that's a different kind of power
Nigga work his ass off to get a million fuckin' dollars
Ain't nobody gave me nothin', I started with a dream
Nigga call me Benson way I put together this team
We all came from the struggle, but I came from the cream
They say the cream rise to the top, motherfucker what you mean?
I took my daddy out the brick, bought my grandma that new house
Everybody that had left, nigga they didn't want out
So I did it on my own, I don't owe nobody shit
I'm a hood nigga, but I'm motherfuckin' rich
And I'm ridin' in that Rolls Royce cause I made it
And this family shit done got crazy
For a million dollars your friends will change
You might lose your fuckin' old lady
And ain't no limit to us gettin' paper
Nigga worked hard, middle fingers to you haters
Y'all can't stop us
All I want is power, money and the power (yeah)
Money Mafia, middle fingers to you cowards (Tunechi)
Her pussy got power (yeah), that's a different kind of power (yeah)
Nigga work his ass off to get a million fuckin' dollars (Mula baby)
All I want is...Uh, I got all this power
I got all this powder, plus I got all these downers
I got heavy fire power, I put the pow in power
Split your avocado, hair trigger Polamalu
I'm the first to find out, the last to know
I'm the shit on the bathroom floor
Used to sell fake crack with soap

They don't make soap like that no more
You live by the gavel or by the gun
Find out you tattle, we chop ya tongue
And mail that bitch to ya momma house
With a note saying "we got ya son!"
I'm a beast in these streets, nigga say that then
I just did, well say that again
I'm a beast in these streets nigga
Glock .40 on fleek nigga
Blood gang bitch
Respect the powers that be, niggaAll I want is power, money and the power
Money Mafia, middle fingers to you cowards
Her pussy got power, that's a different kind of power
Nigga work his ass off to get a million fuckin' dollars
All I want is powerAll I want is power
Get this, get this money by the hour
All I want is this power
The power, the power, the power
All I want is this power, this power
Money bring me the power
