(Brownsville)

You listen to gun shots pop, it's murder capitol
We all for one boy, where them young boys clappin' you
And thugs hold the fort down tight, they bust back at you
Another nigga drop, tryin' to stop drug traffic dude
B-Boy's employed decoys just to trap a fool

We move on niggas, rip two's on niggas
'Cuz ain't no tellin' what them fellas about

Back up off me, soft me, spit ten then I'm out
Silly motherfuckas gettin' carried away
But they fuck around with Fame and get carried away
'Cuz I'm a nigga of the Earth, nigga of sea
Nigga of the sky, the Fire, M.O.P.

I'm a front big Willie like I'm runnin' this game
What I can play, Lil' Fame like a mothafucka
Say why ya rollin', I'm patrolin', man God on steel

Yo I'm a Brownsville native junior, I'm talkin' born and raised
That's where we learn to let the pistol spark bark and blaze

(First Family)
Suffer for days
(Come on)
And we inheritin' them criminal ways
I survive with a fist full of hopes and dreams
And a hand full of niggas that I call upon team
By the time I was thirteen
(Thirteen)
I got myself a 318 and startin' makin' moves, baby
It's like I told ya boy, my environment put me on front line
(Soldier Boy)
Rapid fire the greatest of all time
We 'em dance, waitin' for Shaq to get back
(Welcome home my nigga)
I done made plans, 96% of this world don't know I exist
That's why my point is gettin' missed
I walks with my brother Mike Sone, as I stroll thru the ghetto
And the sun is like the wind beneath my wings like zeros, nigga
