

She-Bop Nation

Rainbow Girls

well youâ€™re a cocky motherfucker
ainâ€™t never met no guitar player quite like you
you want us to stand and stare
while our hands got nothin else to do

you say your fancy guitar playinâ€™s like the voice of a thousand souls
yeah itâ€™s like white light itâ€™s like lightning
hocus pocus put the rock in roll

well I can tell ya right here and now
that there is nothing more that we like better
than the arrogance of men who only see a singing dress
bop bop she-bop she-bop . . bop bop she-bop she-bop

well, youâ€™re not a man
youâ€™re like a dog who needs to be walked
and I can barely see you standing there
behind all that shit that you just talked

you say your fancy guitar pick makes close encounters of another kind
yeah man, itâ€™s like little magic fairies
shooting arrows in the clit of your mind

youâ€™re never early, youâ€™re always mean
and youâ€™ve got the biggest ego Iâ€™ve ever seen
you stand and stare but you donâ€™t wanna work for the show
bop bop she-bop she-bop . . bop bop she-bop she-bop

you wanna piggy back you wanna get there fast
If we just hook up with you
but we canâ€™t play no more cause thatâ€™s a manâ€™s chore
thereâ€™s just so many things that we canâ€™t do
bop bop she-bop she-bop . . bop bop she-bop she-bop

well I can tell you right here and now
that there is nothing more that we like better
than the arrogance of men who only see the singing dress
bop bop she-bop she-bop . . bop bop she-bop she-bop

never early always mean

and youâ€™ve got the biggest ego Iâ€™ve ever seen
want us to stand and stare
but you donâ€™t wanna work for the show
bop bop she-bop she-bop . . bop bop she-bop she-bop
