Lip
Take it no
Just dance oh dammit baby
You're begging my heart
Like this everyday
What's that thing attaching your ears
I'm talking to you but you don't seem to hear
I'm paying for dinner, but I might as well not be here
Substantial damage babe
You're kidding me
Substantial damage
What are we doing, together
You got to prove
I've got favor
Ah
Substantinal damage babe
I know you go honey it's just your way your game
I have no idea
When you are Gabriel, know it?
I don't know I love you, I don't know what I am doing
Oh, must be a masochist or something
Must be a same with you
Oh, please hear
