

By My Side

Tyler Shaw

I woke up today
Thinking of you
Think that I know what I want to say
Gonna tell you tonight
It's you on my mind
And I can hardly wait
Count down
Breath in and out
Listen to me now
OoooOOOOooohhh
Finally
You will see
That if these walls come crashing down
And the rain starts pouring in
And if the stars are burning out
You know that I can get through anything
If I've got you
By my side, by my side
If I've got you
By my side
I get out of the car
Walk up to your door
Running the words through my head once more
I hope that it sounds
As good as it feels
Count down
Breath in and out
Listen to me now
OoooOOOOooohhh
Finally
You will see
That if these walls come crashing down
And the rain starts pouring in
And if the stars are burning out
You know that I can get through anything
If I've got you
By my side, by my side
If I've got you
By my side, by my side
Can you see what I can see
Got my heart out on my sleeve
And I'm telling you it's not easy
I know you're the one for me

Wishing you and I can be...
And I'm asking you
Do you feel it at all? And if these walls come crashing down
And the rain starts pouring in
And if the stars are burning out
You know that I can get through anything
If I've got you
By my side, by my side
If I've got you
By my side, by my side OoooOOOOooohhh...
I've got you, I've got you...
OoooOOOOooohhh... I woke up today
Thinking of you
Think that I know what I want to say
