

# Don't Wait For The Sun

## American Hi-Fi

I don't need to know why  
'Cause tomorrow I'll be fine  
I should learn to be still  
If I close my eye, I'll realize what you meant[Chorus:]  
    Don't wait for the sun  
    It could turn black any day  
    I lost my hat in the clouds  
    When will the haze go away?  
I never wanted thisNow it's all I've got  
    Someone else is keeping time  
    I think I'm falling apart  
If you were me, would you do it like I do?[Chorus x 2]
