

When I Die

Young Slay

[intro: Young Slay]

Kite mele m' m' pa kyÃ

Tout moun anvi al nan syÃ

Ou di m' pra l' mouri nan lanfÃ

Kite mele m' pa kyÃ

M' mare pakÃ't mwen pou m' al nan lanfÃ

Pou m'al peye sa m' te fÃ

Ou konprann?

ZafÃ, za-fout-fÃ[hook: Young Slay]

When I die I wanna go under

I wanna go under

I wanna go under (ugh)

I wanna go under

Where the globes of fire gon' unite together, together (2x)[verse: Young Slay]

Everybody wants heaven

Nobody wanna die

Alpha and Omega

Every species gotta die

I could careless if I know there would be no resurrection

I can't deny it I deserve eternal combustion

Cause I been sinning so much the sea of hope turn red

I'm possessed with evil spirits

So my soul is dead

I go to church seeking for help

They look at my dreads

Judge me quick, look me down

Like The Lord despise me

I admit I'm a sinner my heart ain't pure

But then saints gawking at me

Who gon cast the first stone?

You can fool me homie but you can't fool The Lord

Cause ain't no shield strong enough to hide you from The Lord.[hook: Young Slay]

When I die I wanna go under

I wanna go under

I wanna go under (ugh)

I wanna go under

Where the globes of fire gon' unite together, together (2x)[verse: Young Slay]

When I die bury me in a nameless grave

With shadows and dust inscripted on my grave

No eulogy no rest in peace
Bury me on the spot
Cause I'm sick and tired of you tryna comment on my life
When you never walked a day in my life
Matter of fact you know squat about my life
So spare me the sympathy, the elegant speeches
Cause what jealousy is to crutches hypocrisy is to cowardice
I rather burn in hell any day
Than to celebrate at the pearly gates with you ingrates
I have no fear I shall embrace the shadow
When my survival rate drop to zero
I'm ready to go incognito as I serve my sentence dancing with the devil cause
Heaven ain't no place for a bastard whom contempt dwell at his residence[hook: Young Slay]
When I die I wanna go under
I wanna go under
I wanna go under (ugh)
I wanna go under
Where the globes of fire gon' unite together, together (2x)[bridge: Young Slay]
I try to forgive 'em I can't
Ain't no place in heaven for a bastard like me
I'm bout revenge and pain
Ain't no place in heaven for a bastard like me
No mercy no truce
Ain't no place in heaven for a bastard like me
Ain't no place in heaven for a bastard like me.
