

# Battled

Afi

What you thinking I can't speak  
My mind is not my own  
Feeling that my will is weak  
Can I find the strength to go on?  
I've battled, I've fucking battled man  
I've battled, I've battled, yeah  
I've battled, I've fucking battled man  
I've battled

What you thinking I can't speak  
My mind is not my own  
Feeling that my will is weak  
Can I find the strength to go on?  
I've battled, I've fucking battled man  
I've battled, I've battled yeah  
I've battled, I've fucking battled man  
I've battled
