

# Get Up & Go

## Long Tall Texans

Get Up & Go

(I. Hanson, T. Hanson, Z. Hanson)

She plays guitar with her fingertips  
She'll play your heart with her tender lips  
She'll work it out until she makes the tips

And it's alright, yeah it's alright

Holding her tight in late December

I look in the stars and I remember

She doesn't mind when you offend her

And it's alright, yeah it's alright

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and see

Get up and go

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and take a look and go

Get Up and Go

What could I give when you've got all you need

And she looks at me like all I want's a little free

Every time I look at you it makes me see

That it's alright, yeah it's alright

We'll get away be in love we can make it better

All I need's a little time for us to get together

Happiness is just a step away

When it's alright, yeah it's alright

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and see

Get up and go

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and take a look and go

Ooh oh, ooh oh, won't you go

Ooh oh, ooh oh, won't you go  
Ooh oh, ooh oh, won't you go  
Take a look and, take a look and go  
Seems like love has always found a way  
But there's only so many hours in the day  
All that I know is that you're here with me  
And it's alright, yeah it's alright  
Won't you tell me that you need me so bad  
'Cause you are everything I've never had  
Every time I look at you it hurts so bad  
And it's alright, yeah it's alright  
Just a girl like you, and maybe just a  
Just a guy like me, maybe we  
Could take a walk on the wild side  
Take a look and see  
Get up and go  
Just a girl like you, and maybe just a  
Just a guy like me, maybe we  
Could take a walk on the wild side  
Take a look and take a look and go  
Get up and go
