Electrify

Finn.

She knows every little way
To get the thing that she wants
My heart is an oven
And she's pushing the buttons
Right now
Right now
She's gonna kill me with a stare
And I'm very aware
No matter what I say
She's just walking away
Right now
But I'll be ready when she calls

I'm in love with this girl
It's got my head
Electrify
I hope that someday she might
Go too far
Go too far
Cause all I can think about
Is me and her
Electrify
I hope someday she might
Take me home
And lose control

Start and wait is the game she plays
She knows better than to try
But I'm hopin' she might way down
Way down
Oh just tearin' me apart
Gettin' stuck in the dark
I'm doin' what I can
But she can't understand
Right now
But I'll be ready when she calls

I'm in love with this girl
It's got my head

Electrified
I hope that someday she might
Go too far
Go too far
Cause all I can think about
Is me and her
Electrify
I hope someday she might
Take me home
And lose control
Oh

I feel it I feel it I feel it I feel it I feel it I feel it I feel it
Runnin through my bones
Oh
I feel it I feel it I feel it I feel it I feel it I feel it I feel it
Runnin through my bones
My bones
I feel it I feel it I feel it I feel it I feel it Yeah
Runnin through my bones oh
I feel it runnin through my bones yeah

I'm in wires for you girl
You're coursing through my mind
All I think about is you
Yeah I'm electrified

I'm in love with this girl
It's got my head
Electrified
I hope that someday she might
Go too far
Go too far
Cause all I can think about
Is how you and I could
Electrify
I hope someday you might
Take me home
And lose control
Some time sometime sometime (Ah-ha)
Say you won't mind Show me Sometime (Ah-ha)
You got me eletrified
Maybe sometime sometime sometime (got my heart electrified)
Say you won't mind Show me Sometime

I can feel it runnin through my bones (ahahah)
I can feel it runnin through my bones (ahahah)
