

Make Up Your Mind

Kitty Wells

MAKE UP YOUR MIND

Writers Jack Agglin, Eddie Hill, Johnnie Wright

If you'd make up your mind

Quit triflin' all the time

If you'd make up your mind, I still love you

If you'd quit foolin' around

And be the guy I thought I found

I'd love you if you'd just make up your mind

Go settle down

And quit your triflin' ways

'Cause the buggarman's gonna get you one of these days

If you'd just settle down

You'd be the sweetest guy in town

I'd love you if you'd just make up your mind

If you'd make up your mind

Quit flirtin' all the time

If you'd make up your mind, I still want you

If you'd quit seein' the town

And ev'ry girl that's hangin' around

I'd love you if you'd just make up your mind

Go settle down

And quit your triflin' ways

'Cause the buggarman's gonna get you one of these days

If you'd just settle down

You'd be the sweetest guy in town

I'd love you if you'd just make up your mind
