All the Very Best of Us

Josh Pyke

You're all welcome
To take from me
My skeleton
I'll keep for meAnd all the very best of us
String ourselves up for love
And all the very best of us
String the needles
Till our eyes shutWeary yonder
Beyond the call
Lately I don't feel
The wonderAnd all the very best of us
String ourselves up for love
And all the very best of us
String the needles
Till our eyes shut, shut
Until our eyes are shut
And oh
Until our child has grown up and over
Until the time
Oh
Until our garden goes
To bramble and briar
Until I sit, I stop, I sigh
Until my body
Comes over quiet
I will give you
Myth in the mire
Over grown
And I will grow you
Bramble and briar
And all the very best of us
