Heart on Fire

Indiana

I really wanna make this happen,
I really wanna take the fall
From grace you can't imagine why
I really wanna reap you off
If only I'd have the courage
If only I could commit
I temper and I perch
If only I, if only I
(Don't push me, 'cause I'm close to the edge)Because the heart on fire,
This could be heart beat on fire
This could be heart beat on fire
This could be heart beat up (fire)
(I know your heart beat) heart on fire
This could be heart beat on fire
This could be heart beat on fire
This could be heart beat upI'm losing my conviction
I'm losing my mind (losin' my mind)
When my heart is open (my, my heart)
My Heart is open
The first fall is the deepest
The deepest I know (I, I know)
And now I fall to pieces (pieces)
I fall to pieces
(Don't push me, 'cause I'm close to the edge)This could be heart beat on fire
This could be heart beat on fire
This could be heart beat on fire
This could be heart beat up
(I know your heart beat) heart on fire
This could be heart beat on fire
This could be heart beat on fire
This could be heart beat upBreathe my heart on fire
Nobody ask me why
Breathe my heart on fire,
Read between the lines
Breathe my heart on fire
That's not me to cry
Breathe my heart on fire
I begin to fly!On fire
This could be heart beat on fire

This could be heart beat on fire
This could be heart beat up
(I know your heart beat) heart on fire
This could be heart beat on fire
This could be heart beat on fire
This could be heart beat up
