

# Waiting Room

## Little Lapin

You try your best in life  
You know you cant buy another one  
You lighten up your day  
Reading magazines out of date  
Its not hard to start a war  
Its just harder to find a way outAm I still alive?  
Cause time is standing still  
In the waiting room.My name isnt being called  
Am I on this waiting list?  
Can I buy myself a line and get out of here?  
Are the best things in life worth waiting for?Am I still alive?  
Cause time is standing still  
In the waiting room
