

Let's Go!

Eurythmics

He was the kinda guy
I liked the way he looked.
He had a red silk tie
He had a forties suit.
And I said, "You're the kind of person
I've been longing to adore."
"You're the kind of person
I've been waiting for."
He said, "The time is right to take a chance
'Cause I'm looking for a brand new romance."
"So come on baby let's go outside,
I've got a car in the drive and we can take a ride." "So let's go, I wanna fall in love ooh hoo."
"Let's go, I wanna fall in love ooh hoo." "Well, we went driving for an hour or so
Till we took the little Chevy down to Mexico.
And I said, "Blue eyed boy, you know I love the way you look."
"Why don't we find a preacher
Who can get us hooked?"
"You know the time is right to take a chance
'Cause I'm looking for a brand new romance."
And the great big moon
Was a shinin' down
He said "Forget about the preacher man,
Let's do it on the ground!" "Let's go, I wanna fall in love ooh hoo."
"Let's go, I wanna fall in love ooh hoo."
