

Anything Goes

Ras Kass

Yeah, it goes down

Yeah, it goes down

Uh-huh, it goes down

It goes down

I thought you knew it went down

Believe that I rock Versacci, sippin' VSOP and Hennessey in foam cups

Motorola flips with illegal chips dip-pin' like Teela

Where everybody mamma collectin' money from fiend

Five series Beamer, one-hundred and eighty-nine horsepower

I like bitched with dimples and nipples the size of silver dollars

Rollin' three deep in Eddie Bauers chokin' out LAPD Rottweilers

Like chihuahuas, all day everyday in Southern California

Where the dogs and the ribs stay and nowadays fools don't know

How to act 'cause we all wanna be Tony Montana Matter of fact, gimme five we got dap, gimme twenty-five

We got a bird and profit is made so while the homey cut Cavvy

With a razor blade I rock beats without baking soda

And money gets watched it's only illegal if you get caught

Thought you knew 'cause the DEA do it too keep separate books

For the internal revenue capitalism is pimps and hoes

In ninety-six I 'spose anything goes Big bank take little bank anything goes

Legal or illegal however you make your cash flow

Big bank take little bank ahh anything goes

Legal or illegal however you make your cash flow All you PH Ballers, Dirty Mack's need to KG

I'd rather be a dope MC than a broke OG

I get, manicures to keep my cuticle suitable player

Don't hate me because I'm beautiful

I got a pocket full of C-notes and food stamps

Just big bills and free meals baby so lamp

'Cause jealousy gets you burned like bad perms

If you live you learn, I spit game like Chick Hearn To women with, measurements of 38-24-36 with DSL's

But money talks ESL in the game of Monopoly

If you don't pass go then go di-rectly to jail

'Cause I've seen fools that struggle and turn

They own self into the po-po it keeps the humble

Of they cool low selling ten dollar J's right up

Under the man's nose, nigga anything goes Big bank take little bank anything goes

Legal or illegal however you make your cash flow

Big bank take little bank ahh anything goes

Legal or illegal however you make your cash flow One for the money, money, two for the show, show

Three for the ladies but all they wanted was one
 It's one for the money, money, two for the show, show
 Three for the ladies but all they wanted was one Niggaz got stripes like, Tony the Tiger but niggaz
 Got strikes like Oral Hersher so look alive
 Inflation rise like yeast S and L scandal stole millions
 But we need more police to take back our streets, it's drama
 We all know that one-time be extortin' them big-ballers
 Gettin' extradited with warrants in three states
 Overcrowded prisons hopin the DA drop the case
 So uhh, I ain't forgot about the homey Kevin He pled no contest and got stretched till ninety-seven
 Dizmost and Little Dags hold tight
 I know I seldom shoot kites but I be tryin' to get my pockets right
 My ideal real is Big Willie pourin' out Dom P
 for the dead homies with bitches splittin' Phillies, call it ends
 Call it loot scrilla cream green flow or dough
 But to get mo' nigga, anything goes Big bank take little bank anything goes
 Legal or illegal however you make your cash flow
 Big bank take little bank anything goes
 Legal or illegal however you make your cash flow Big bank take little bank anything goes
 Legal or illegal however you make your cash flow
 Big bank take little bank anything goes
 Legal or illegal however you make your cash flow It's no disguise, it makes no sense
 It doesn't fit, if it doesn't fit, you must acquit So it goes
 One for the money, money, two for the show, show
 Three for the ladies but all they wanted was one
 It's one for the money, money, two for the show, show
 Three for the ladies but all they wanted was one
 One for the money, money, two for the show, show
 Three for the ladies but all they wanted was one
 It's one for the money, money, two for the show, show
 Three for the ladies but all they wanted was one
