

Change (Remix) (feat. Ugo Crew)

Sean Kingston

Change, change, change
Change, change, change[Chorus]
Oh I wish I had the power, the power to change the world
But I'm just one man trying to do it on my own
Oh I wish I had the power, the power to change the world
But I'm just one man trying to do it on my own
Can someone help me? (change the world)
Can somebody help me? (change the world) Everyday I saw you there chilling on the corner
Puffing on crack and Marijuana
Because I know how your life is
Nobody just be guiding, no Hope to see black people living longer
Also less kids without fathers
We should all come together
Please stop fighting and killing each other It's what happens when your living in the street life
It's so dark and you don't get sunlight
People seeing why you don't get treated right
But I'm a try to change it [Chorus] Many people living off welfare
Hoping things get better next year
But I'm covered in tears
So many sick without health care Too many innocent people dying
And I don't know why
You gotta keep your eyes open even when your rolling
As days go by It's what happens when your living in the street life
It's so dark and you don't get sunlight
People seeing why you don't get treated right
But I'm a try to change it [Chorus] Somebody change the world
We've got little boys and little girls
Growing up on this sinful earth
Oh whats happening? I don't know, but please tell me
We've got all these criminals and discretres
Killing people for no reason
I don't know why [Chorus]
