Underworld USA

Cold Cave

underworld (whispered throughout the intro)They said the meek shall inherit the earth
oh god that seems like so much work
I want to sing and dream and drink and cry
and let this night pass me byoh take me to the future, I'm ready
my affection is so unsteady
I can think up tomorrow
I can sleep through today
as the sun melts the ice caps awayI'll carry your cross now baby
it's a blasphemous world today
we are the tender missionaries
from the underworld, USAIt is so easy to confess
when you are guilty of nothing less
than a crooked, wretched,
stupid, tepid indifferenceyeah, take me to your bedroom, I'm ready
my complexion is so unsteady
I remember tomorrow
I forget yesterday
I want to move into your body and stayI'll carry your cross now baby
it's a blasphemous world today
we are the tender missionaries
from the underworld, USAI'll bury your pain now baby
are you happier now, happier now?
In the tender cemetery
where we always are here to stayThey said the meek shall inherit the earth
oh I want to know what it's all worth
with a knife in my back and a star in my eye
oh let this life pass me byCan you take me to your heaven, I'm ready
I know the weight of my heart is too heavy
I will love you with all of the love that I have
even if that means there's none left for meI'll carry your cross now baby
it's a blasphemous world today
we are the tender missionaries
from the underworld, USAI'll bury your pain now baby
are you happier now, happier now?
in the tender cemetery
where we always are here to stay
