

Noise

Tokio Hotel

Come on There are days when you feel so small
And you know you could be so tall
You think you got no chance Look at the end, look what we do
Here and now we need you
Silence can destroy
Get up and raise your voice Make some noise
Here and now, noise
To the world, noise
All the things you believe in, noise Let them hear you, noise
Let them feel you, noise
Make them know
That you can make noise, noise You are free, you are innocent
You believe in a happy end
Days turn into years Now your here with your broken mind
While your dreams are sleeping quiet
Silence can destroy
Get up and raise your voice Make some noise
Here and now, noise
To the world, noise
All the things you believe in, noise Let them hear you, noise
Let them feel you, noise
Make them know
That you can make noise, noise Can you feel it? Can you feel it?
Can you feel it? Can you feel it?
Come on, come on As everything you've ever been
Why don't we share? Come take me there Whoa, whoa, noise
Whoa, whoa, noise
Whoa, whoa, noise
Whoa, whoa
You can make them feel
That they care, noise Whoa, whoa, noise
Whoa, whoa, noise
Whoa, whoa
You can make them feel
That they care, noise Whoa, whoa, noise
Whoa, whoa, noise
