No One Else In the World

Tammy Wynette

Last night I forgot all the lips I ever kissed but yours
And all the other faces and all the warms embraces but yours
Last night was sleeping was sleeping in your arms, they faded away
Now there's only you and only me todayAnd there's no one else in the world
No one else in the world
No one else in the world but youLog on to hide ad.These words were locked inside my heart just waiting for you
Words that mean I love you and I doYou know yesterday I didn't even know you
But today I feel I've known you all my life
Cause last night there was no holding back at all, I gave it all to you
And there's no one else in the world
No one else in the world
No one else in the world but you
