

Blush

Elefantz

You stayed on the run
No time to be afraid
Keep talking on the phone
I can't feel this way
You stayed on the run
No time to be afraid
Keep talking on the phone
I can't feel this way Wild baby
So wild
You know I'm gonna lose my mind
Cause you're making me blush
Blush blush blush
Wrong but so fine
You know I'm gonna make it alright
Girl you're making me blush
Blush so blush blush
You stayed on the run
No time to be afraid
Keep talking on the phone
I can't feel this way You stayed on the run
No time to be afraid
Keep talking on the phone
