

Seasons (feat. Brent Smith Of Shinedown)

One Less Reason

hows it feel hows it feel
to be left out there
in the smoke in the cold
the midnight air does it hurt does it burn
to be unaware of the torture
of a white lie i don't know where you are so
why do i care i know we're both
even so why's it feel unfair some say that four seasons
are enough for a lifetime
of change i hope when you
think of me you remember the
love that i gave
(when our seasons change) hows it feel can you deal
with the rise and fall
of a life that ignites
like a mirror ball and i
wonder are still afraid of
the dark i don't know where you are so
why do i care i know we're both
even so why's it feel unfair some say that four seasons
are enough for a lifetime
of change and i hope when you
think of me you remember the
love that i gave this is the life i left behind
this is the memory of you
that's still embedded in my mind some say that four seasons
are enough for a lifetime
of change and i hope when you
think of me you remember the
love that i gave
(when our seasons change)x2
