Love

Kirk Franklin

Patient love, kind love, sweet love, kind love
Patient love, kind love, sweet love, kind love
Patient love, kind love, sweet love, kind love
Patient love, kind love, sweet love, kind love
Love, a word that comes and goes
But few people really know what it means to really love somebody
Love, though the tears may fade away, I'm so glad your love will stay
'Cause I love you and you show me, Jesus, what it really means to love
Patient love, kind love, sweet love, kind love
Patient love, kind love, sweet love, kind love
Love, a word that comes and goes
But few people really know what it means to really love somebody
Love, though the tears may fade away, I'm so glad your love will stay
'Cause I love you and you show me, Jesus, what it really means to love
The nights that I cry, you love me
When I should have died, you love me
I'll never know why you love me
It's a mystery now that I can finally see Jesus
When all was gone, you love me
You gave me a song that you love me
Now I can go on 'cause you love me
It's a mystery now that I can finally see Jesus
The nights that I cry, you love me
When I should have died, you love me
I'll never know why you love me
It's a mystery now that I can finally see Jesus
What it really means, what it really means
What it really means to love
Patient, patient guide, that's love, to love
Patient, patient guide, that's love
