

Comin' Around Again

Kenny and Amanda Smith

Donâ€™t know where the crazy goes
Spins you round and before you know
Youâ€™re shaking your head wondering where youâ€™ve been
Fears an ace at killing time
Makes you trade what you want in life
For a few safe bets an might have beenâ€™s
Time enough to make the change
And I been doinâ€™ some changinâ€™ too

Chorus

Blue moons and a month of Sundays
Right time for catching my wave
I feel it coming around again
Lifeâ€™s a door you just leave open
Donâ€™t know when, you just keep hopinâ€™
I feel it coming around again

Instrumental

Maybe loves a four-leaf clover
A little salt over your shoulder
Starting over at the end
Like an airplane in the sky
Makes you look up, when it flys by
Never thought Iâ€™d feel that free again
But times turning stars are stirring
I can feel it on the wind

Chorus

Blue moons and a month of Sundays
Right time for catching my wave
I feel it coming around again
Lifeâ€™s a door you just leave open
Donâ€™t know when, you just keep hopinâ€™
I feel it coming around again

Instrumental

Chorus

Blue moons and a month of Sundays
Right time for catching my wave
I feel it coming around again
Life's a door you just leave open
Don't know when, you just keep hoping
I feel it coming around again
