

Drug Free America

NOFX

We believe in a drug free America
A drug free America for me
That's the way we believe in
The way that it should be
Drug free America for me
Like in Amsterdam
Where drugs are sold and bought legally
Let's take it one step further
And make them all for free
Drug free America for me
Say, "Nope to dope" when it's not for free
Say, "Ugh to drugs" save your money
Don't listen to facts, just sit back, relax
And help make our country drug free
We believe in a drug free America
A drug free America for me
We want all our drugs
And we want them for free
Drug free America for me
Say, "Nope to dope" when it's not for free
Say, "Ugh to drugs" save your money
Don't listen to facts, just sit back and relax
And help make our country drug free
