

# 17 Years of Hell

## The Partisans

17 years of hell and I just can't take it anymore

Its been 17 years of hell and no one has really cared for me before

All my friends said I would fail or I would end up on the run

Its been 17 years of hell and now I wanna have some fun

Because they've given me 17 years 17 years 17 years of hell

Its been 17 years OF HELL now what am I supposed to do

Its been 17 years OF HELL but I can't think of anything new

Now my future seems so bleak theres nowhere I can go

Its been 17 years OF HELL and my life has been going to slow

Because they've given me 17 years 17 years 17 years of hell
