

My Fairweather Friend (backstage)

Emilie Autumn

It's a sunny day in Heaven
And no one is around
To open the gates
And I'm waiting for you
My fairweather friend
Absent in the end
Absent in the end The one thing I can count on
Is nothing much at all
The one thing that I'm sure about
Is that you won't be
Anywhere around me when I fall
I'd like to think I wouldn't die for you
But you know I would
'Cause that's the fool I am
And that's the rule you bend
Absent in the end
My fairweather friend The one thing I can count on
Is nothing much at all
The one thing that I'm sure about
Is that you won't be
Anywhere around me when I fall
I'd like to think I wouldn't die for you
But you know I would
'Cause that's the fool I am
And that's the rule you bend
Absent in the end
My fairweather friend
My fairweather friend It's a sunny day in Heaven
It's a sunny day in Heaven
My fairweather friend
It's a sunny day in Heaven It's a sunny day in Heaven
And no one is around
To open the gates
And I'm waiting for you
My fairweather friend
Absent in the end
Absent in the end The one thing I can count on
Is nothing much at all
The one thing that I'm sure about

Is that you won't be
Anywhere around me when I fall
I'd like to think I wouldn't die for you
But you know I would
'Cause that's the fool I am
And that's the rule you bend
Absent in the end
Love you only then
Wounds you'll never mend
My fairweather friend
