

Ooh Wee Baby

Immature

Chorus

Ooh Wee Baby

Ooh Wee

Come and play with me

Come on come on get it get it

If you down wit' it

Don't bite it come and get it

And be all down wit'it

'cause I drop my thizangs

With codes so you knizoes

Ain't no tellin' baby where

Me and you gizoes

Dippin' in my caddy, ain't it plush?

And the way that I fuss too much

You got my adrelanine pumpin'

Got me deep into somethin'

With my Immature behavin'

I ain't stoppin' for nuthin'

See ain't nothin' but a gansta party

When the girlies in the clubs startin'

Actin' naughty

Ooh wee check it out

I disappear like a bat in the air

It's like who,what,when,where?

It's you I need with me

Baby why can't you see

I am the man you want

Baby no need to front

See let's go to my room

So we can have some fun

I just wanna show you what's inside of me for you

Chorus

Baby you

Keep freakin' me the way you do

Be yourself and always stay true

Be you

Stay true

Ha ha....It's all about 5's 10's 20's

50's and 100's cash money
See ain't a damn thing funny
When it comes to honeys
It's all money don't act funny
See baby notice the way I shake,rattle and roll
Got you all in control got you all in my mode
See conversation runs all and without it can't fall
Small thangz run large and with that I'm in charge
Catch you chillin'with the feelin'every time of the flow
LDB...Batman....and Romeo
Got you chillin' in the club
Showin' everybody love
Got the whole crowd sayin'
Whatcha' thinkin' of?
Chorus
