

# Leave Me Alone

## American Head Charge

You

Always get exactly what you want

You

This is only my life that you taunt

Always giving me enough to keep me quiet

Only giving me enough to keep me at bay

Why don't you leave me alone?

I don't need you

This

Is the very thing that I disgust

Promise me again

And I hope your jaw fucking rusts

I did what you wanted didn't I?

So, shut up Shut up Shut up Shut up

Why don't you leave me alone?

Always on the verge of something

Almost about to leave it all

I don't need you

Open your blessed wings

And wrap them around all your things

Keep yourself in the company of kings

Cause it's their hands' that bleed from the strings

No more
