What You So Mad At?

Jadakiss

Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Yeah, wow, what you so mad at now?
Go get yourself a drink lets all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Uh me and honey on the dance floor just flexin'
Till the neck on my white T start stretchin'
Liquor comin' outta our paws and we sweatin'
But that ain't slowin' us down, we still steppin'
Her gear is strong, her hair is long, her feet is small
And she smoke weed and all, so we gonna pop us a bottle
And blow us a good splif, V I P is crowded but they all look stiff
I'm well connected, I got wolves over there and niggaz that
Act like pitbulls over here, ya I'm just doin' my 1 2 and shit
She's shakin' it, doin? that Saint Louis shit with her back in it
So I put my bones in it, the rollz go prezzy, got the pink stones in it
Why you want drama with me, I ain't gonna blast you
Before I put the money on ya head I?m a ask you nigga
Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
I'm everything controversial, underground gangsta rap
Slash commercial yeah but still all it takes is a long Dutch
For me to get your wifey up out of a warm Dutch
As far as the funeral, you got it it's on us ?cuz niggaz ain?t crazy
They just armed us uh, so let me get another round
Now Hypno and Clico will sit a brother down
Haze'll have you feelin' like you in another town
Then its time for the gangstas so get the rubbers now
K I two of them swirled things one more drink and ya boy
Might be doin' the earl thing

Ma it's me, you and whoever ya girl bring
Meet me in the back, I'm outside the pearl thing
I got the trate pound hooked on my waist
When they mention my name around other rappers
Look in they face and say
Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Yeah, wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Can't knock a nigga that didn't make it, if you try
Far as me though, my spot is celitified
So when I hit my number, I?m a hit it high
And when I'm dead and gone, they gonna say I did it live
?Cuz I done been too nice for way to long
They can't hold me back I'm way to strong
Double R D-Block that's what it is and that's what it's gonna be
We gettin' it on I just wanna know
Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
Wow, what you so mad at now?
Go get yourself a drink let's all get down
Roll some, smoke some, let's blow this pound
Naw some jump off we gonna hold us down
What you so mad at now? Let's all get down
Let's blow this pound, we gon' hold it down
What you so mad at now? Let's all get down
Let's blow this pound, we gon' hold it down
