## The Growlers

[Verse 1]

She lives in pans at the end of this prison  
The love sprouts from the decay  
The night's pulsing, streets are convulsing  
Dark libations through the bray[Pre-Chorus]  
I stop trying to make sense of it all  
Start sniffing around the continuous strife  
Grab fear by a strange hand  
Sweet neglect in her own right

[Chorus]

I wouldn't change her, trade or ditch  
I love her just the way she is  
I'll love her flaws and friends  
Don't care what anybody says about her[Verse 2]

She has a spear and a vow of mother nature  
You'll never know what she'll do  
Hardened from her mysterious sun  
I'm not a muse, I play the fool[Pre-Chorus]  
I stop trying to make sense of it all  
Start dancing around the continuous strife  
Grab fear by a strange hand

Keep her cool under the pale moonlight[Chorus]  
I wouldn't change her, trade or ditch

I love her just the way she is  
I'll love her flaws and friends  
Don't care what anybody says I wouldn't change her, trade or ditch  
I love her just the way she is  
I'll love her flaws and friends  
Don't care what anybody says about her
