I know where you go
When you want to fall
Why do you want to be broken?
I know where you go
When you want to fall
Yes, your friends
They tell me everything
Yes, I know where you go
Yes, I know what you do
Yes, I know the awful things you say
And who you say them to
Yes, I know where you go
Yes, I know what you do
I know how you feel
You get crazy inside
They say it runs in the family
I know just how you feel
When you get crazy inside
Your mom she said
That you are just like me
I can see it in your eyes
I can see your shaky hands
Yes, I think you think I'm stupid
You don't think I understand
Yes, I see you and I see myself
When I was a younger man
When you were a child
You were happy and free
You were my reason to live
I would die when you smiled at me
I can still see you
I remember you painting
Sunflowers in your room
I know where you go
When you want to fall
Hey don't you want to be happy? Yeah

I know where you go
When you want to fall

Your useless friends
They tell me everything, everything
I see you run around in circles
I see you digging your own hole
I see you fight the fights
You just can't win
I see you losing self-control
What it does to me
Deep down inside
I hope you will never know
When you were a child
You were happy and free
You were my reason to live
I would die when you smiled at me
I can still see you
Painting flowers on the wall
I remember you happy
I remember it all
When you were a child
You were happy and free
You were my reason to live
I would die when you smiled at me
I can still see you
I remember you painting
Sunflowers in your room
Sunflowers in your room
Sunflowers in your room
All I want to remember
Pretty pictures on the wall
I remember you happy
I remember it all
All I want to remember
Sunflowers in your room
Sunflowers in your room
Sunflowers in your room
Sunflowers in your room
