Wonderful Day

O.A.R.

It was a hot, hot day in the middle of May
Saw this lady just walking my way
She was the cutest thing I'd ever seen
She got some black, black hair
A little black dress with the shoe to pair
The little hunny-bunny she come up to me
And we walked and we talked
We don't have no time to stop that day

That day was a wonderful dayWell that day, best damn day

That day, that day, was, such a wonderful dayWell I've lost my mind, I have lost my mind a thousand times

And you would too, if you knew the lady that I knew
A mastermind of a terrible kind, but a beauty just the same
And we walk, and we talk

We don't have no time to stop that day

That day was a wonderful dayWell that day, best damn day

That day, that day, was, such a wonderful dayMonday woke up straight late for work

Sunday all night thinking about the girl

Saturday was high and I felt it too

Friday was the day that I met youI didn't know it could take so long

I didn't know that this could be...

I didn't know it could take so long

I didn't know that this could be for itThat day, that day, was, such a wonderful day (wonderful day)

Such a wonderful day (wonderful day)
