Let's Be Alone

Dirty Epics

You and me were meant to be
Like the summer sun
And midnight moon, we shine
Day and night our time is tightSo don't waste this moment
Make it last all night
Do you know, how much I care for you?
Whatever you may doNothing can come between us
Now, that the seed's been sown
Why won't anyone leave us
To be alone?When are they coming to save us?
Like trying to get blood from a stone
Why does the world love to hate us?
Let's be alone, let's be aloneInsecuritiesDon't make a sound, just lay me down
Why search for words, there's nothing left to say
Baby, you're the sweetest thing to me
I wanna love you nowNothing can come between us
Now, that the seed's been sown
Why won't anyone leave us
To be alone?You are my light you're my savior
So why have the fuses blown?
You are my favorite flavor
Let's be alone, let's be aloneNothing can come between us
Now, that the seed's been sown
Why won't anyone leave us
To be alone?When are they coming to save us?
Like trying to get blood from a stone
Why does the world love to hate us?
Let's be alone, let's be alone
