Where Will You Go?

Triangle Sun

Every breath of your life is a drag
'till Johnny brings you that little bag
Stayin alive
One more nightYour brain is like a telephone
You're on the hook when Johnny's on
He'll bring you the stash
if you have the cashThen you say
I feel like a winner
As though the prize is already given
Now you feel so strong
That you could move the earth and make it alone
You feel like a lion
So courageous you could jump through the fire
But you're just a spark
Burning out in the darkDays are rushing by so fast
You were the first, but now you're the last
The things you have lost
Only God knows the cost
