

# The Boy Who Could Fly

## Pierce the Veil

Freeze!

It's time to take you home

It feels so early but I promised I would bring you to your door

Now our lips are numb

As we walk, sharing warm alcohol

That kiss tastes like summer I hope you like the stars I stole for you

One hundred million twinkle lights in neon blue

I'll be the brightest someday

I'll be the brightest someday

I'll be the brightest, you'll see! Don't rain on my parade, it's gonna glow in the dark

I like it better when you can't keep warm

Don't ruin a perfect thing

A perfect thing

The boy on the blue moon dreams of sun Now as the rain falls like shattered pieces of glass from the sky

We bleed like water colours and drunken pastels down the stairways

And I ask myself, why do I still pray?

When will it end?

And who fucking cares? I swear to God I did what I could

I practically begged you, I pretended everything was fine

A soul sacrifice, an American nightmare

I'd rather be dead Don't rain on my parade, it's gonna glow in the dark

I like it better when you can't keep warm

Don't ruin a perfect thing

A perfect thing

The boy on the blue moon hears a nightmare in his head I'll bet you money as you're running to the bathroom

You barely started drinking but your beauty never stopped you

You died in California by the sulfur and the sea

I guess I never should have loved you

But I do forever 'coz you loved me And I break my glasses as I fall in the street

If you were gonna leave this world how could it be without me?

Now it's all over my tongue and it still has no taste

'Cause without you there is no me There's no me at all

Sometimes love

Love dies like

Dies like a

Love dies like a dog (So, why don't we just this one take care of itself?) Don't rain on my parade, It's gonna glow in the dark

I like it better when you can't keep warm

Don't ruin a perfect thing

A perfect thing  
The boy on the blue moon dreams  
Don't rain on my parade  
Woah, no  
I'm losing a perfect thing  
A perfect thing  
A perfect thing
