Pass It On

Daley

Picture perfect
Hang the picture on the wall
Beneath the surface
Your beauty surpasses them allI've got to know, where you are
So that my soul is never lost
I see you shine, from afar
Yeah to me you are a star
Alright babySo lay here with me
Open up, just breathe
Let your mind be free yeah
Think how it could be
If you shared your love with me
It feels goodFeels good, feels right
Take the feeling, pass it on
Just pass it on
So good, like sunshine
Take the feeling, pass it on
Just pass it on
Take the feeling, pass it onI appreciate you
I can't deny incredible
Let me illuminate you
Take tonight and light it upI've got to know, where you are
So that my soul is never lost
I see you shine, from afar
Yeah to me you are a starSo lay here with me
Open up, just breathe
Let your mind be free yeah
Think how it could be
If you shared your love with me
It feels goodFeels good, feels right
Take the feeling, pass it on
Just pass it on
So good, like sunshine
Take the feeling, pass it on
Just pass it on
Pass it on...And I see your soul when you smile
Your eyes, they tell me what's on your mind
If the feeling is real
Pass it to me, cause it feels...Feels good, feels right

Take the feeling, pass it on
Just pass it on
So good, like sunshine
Take the feeling, pass it on
Just pass it onFeels good, feels right
Take the feeling, pass it on
Just pass it on
So good, like sunshine
Take the feeling, pass it on
Just pass it onTake the feeling, pass it on
